TRASHION COMPETITION KS3/4

EVENT DETAILS

This year, the Sustainability Learning Conference is introducing a Trashion garment competition, specifically tailored for high school students. The purpose of this activity is to emphasise the importance of reusing and recycling through creative initiatives.

ELIGIBILITY & ENTRY

The competition is open to all KS3 and KS4 students who wish to showcase their design and creative talents. Participants may enter as individuals, in pairs, or as part of a group. Schools with textile departments are encouraged to submit multiple garments if they choose.

PROJECT TIMING AND ADDITIONAL OPPORTUNITIES

All designing and making of garments for the Trashion competition will be completed ahead of the conference date. This allows participating students the flexibility to take part in additional team or individual events scheduled for 25th June.

CATWALK PRESENTATION

Each garment created for the competition will be featured in a dedicated catwalk event during the afternoon session. This showcase will be attended by KS2 pupils, providing them with the opportunity to observe and appreciate the creativity and innovation demonstrated by the older students.

PRIZES AND RECOGNITION

The entry judged to be the winner will be awarded a cash prize of £50. Furthermore, the school represented by the winning student or team will receive a cheque for £100. These prizes aim to acknowledge both individual achievement and the school's support for sustainable design initiatives. In addition, other highly commended entries may receive cash prizes of £25.

To enter please email us with the name of school and the number of student entries you will have to the address above.
